To the Board of Revenue

Fort St. George

Sir

[illegible] I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated [illegible] last, requesting my opinion on the recommendation of Mr. [illegible]son to grant remission for two years on [illegible] in short [illegible] Crops and for Crops destroyed by cattle and desiring me [illegible] to inform the Board what rules have been observed in similar instances of remissions in the [illegible] Division.

I beg to state that under the peculiarly [illegible] nature of the [illegible], it appears to me [illegible] expedient, and [illegible] that the two items of remission recommended by Mr. Blackburne [illegible] so [illegible] can [illegible] the [illegible] Crops till it can be inspected by the Government [illegible] when [illegible] the [illegible] produce of each person [illegible] is necessarily great, [illegible] while the Crops [illegible] watching are much diminished — the cattle [illegible] are starving and a strong temptation is [illegible] in the [illegible] to delay the [illegible], a [illegible] to which it is almost expedient for the [illegible]

as well [illegible] that he should yield — & without [illegible] is very thin and weak [illegible] often blown away by the wind -

The Claim of the [illegible] to Remission within the narrow limits set by Mr Blackburne in a season of [illegible] drought scarcely needs to be advocated as it stands upon the general impoverishment of the Ryots, and the [illegible] of otherwise disabling them for pursuing Cultivation to the full extent in the succeeding year when Providence may grant an ample supply of rain -

In Compliance with the Board's desire for details to shew the extent of land to which the Remissions are to apply they [illegible] submit the accompanying Statement - subsequent examinations have increased the amount of Shares entered in Mr Blackburne's letter -

With regard to the Rules that have been followed in granting Remissions for perished Crops, they [illegible] the first instance to state that no Remissions have been granted for Shares in Private lands - the Permission of the Board was received too late to admit of the necessary examinations, and so difficult are these

to effect, that I understand that on former occasion in other Districts the sanction of the Board was nearly a dead letter.

147

In granting Remission for Neglected Shares, [illegible] the [illegible] Cultivation of [illegible] Description have been [illegible] Consideration and 10 per Cent on the whole [illegible] any case, deducted from the [illegible] Remission Claimed.

The Circular order of the 13th Jan[y] 1837 entered in the margin of the Board's Proceedings [illegible] down as the rule that Remission for Shares shall be granted not as a matter of Course but on a Combined Consideration of Produce & price.

To effect a deduction from the Shares [illegible] Correspondent [illegible] the probable profit made by the [illegible] increased produce in [illegible] lands [illegible] the expedients seem [illegible] to vary in my District [illegible] as I have been unable to ascertain the origin of the rule for deducting 10 per Cent [illegible] Measurer, I conclude it was adopted for this [illegible] to ascertain extent. I think it answers very well – Prima facie, actual measurement would seem [illegible] better calculated to secure Correctness but the evils of this plan exceed as far as my experience goes, all the advantag[es]

Droughts – Renew the drought in general, & no establish-
ment can effect the accurate measurement of
the Crops of all the Claimants of Remissions,
the Crops are kept standing till they are
spoiled in a season when food is scarce, while
the public demands are [illegible] by the
great temptation [illegible] in their pay-

But when a large [illegible]
Ryot's Crop is withered the deduction of 10
per Cent cannot in my opinion be agreed to
without great danger of defeating the [illegible]
of the means of [illegible] [illegible] Board
will perceive that the same [illegible] then
Mr Clarke in the letter which I enclose –
It is known that a considerable portion
of the produce of a Ryot is consumed by
himself and his labourers [illegible] the extent of that
quantity it is obvious [illegible] by the
high prices – A further portion must be retained
by him for Seed [illegible]
supplies – these [illegible] will [illegible]
I imagine amount to [illegible] if not more of a
full produce – but besides these burdens
and his Crop he has to pay the Circar Peer-
cush in the extent not remitted, and I should

think

In the Huddorre settlement account of the Bengy year 1212 the Village is entered as a free gift in the name of Father Badshah [illegible] dak-lend by the English Mannian account of Fusly 1213 the object [illegible] is said to be for keeping light &c. in a mosque; the original grantee's name to be Hassun Mahomed Cisty, and that of the then Incumbent his son Fyzally Cisty; and the grant is said to have been made in Hijree 1189 by Mahboob Khan whose Purwanah with the ~~copy of an~~ Cazee's original is stated to be in possession of the Incumbent, bearing the seal of the grantor. It is added that the Maunians had been continued

... a stimulus from the abo-
lition of a tax. Moreover when the Port and
Port trade is made free I do not perceive
how smuggling with Ceylon can be pre-
vented. It would be of great advantage
if that Island could be taken altogether
into the Indian Commercial System.

The Ports of Madura are
not resorted to by foreign Vessels. They are
small and unfavorably situated and no
articles for export are produced in the District
to any extent except cotton which as before
stated, finds its way to the Tinnevelly District.

It appears to me clearly de-
sireable that Foreign Vessels trading with
India from their own Countries should not
be subjected to double duties and if taking

cargoes from their own Countries to China they should there obtain con-signments from India the taxation of such consignments to double duty seems liable to the same objections as the discouragement of a direct trade because the foreign ship will naturally replace its China cargo by the Produce of India. It is so improbable that Foreign Vessels European or American Vessels will enter into the carrying trade of Asia under dissimilar
dissimilar to the above
circumstances that the advantage France and America possess in building ships more cheaply is scarcely worth consideration.

Should the modification of the Regulation of 1838 mooted by the Honorable Court in Para 12 be adopted it would be necessary to take care that it should be so worded as not to

burden the Vessels of Arabia trading
extensively with the Western Coast,

The publication of a General Tariff for British India

The Madras District
will be but little affected by such
an arrangement, but on the Western
Coast I had an opportunity of observing
the detention and vexatious interference
to which merchants were exposed by the
contrary System.

A general Tariff & free trade
between all the Ports of British India
seems to me therefore highly desirable
and the extension of this arrangement
to the Native States intermingled with
the British Territory together with
the abolition of Inland Customs
between them would as far as my
experience goes do away with con-
siderable vexations at a comparatively

he relates as follows —

a teacher of the Mahomedan
Religion at Delhi.
5 To my inquiries
whether the date of ~~mosque~~
the building of the ~~[illegible]~~
is attested by any

inscription he [illegible] in the negative.

6 In the ~~proceedings~~ Min. of Consn. of ~~the [illegible]~~ Govt. it is suggested, that Hussain Mahommed Cherif was not the [illegible] grantee to the Yeomiah, but that it had been granted to some Ancestor of his for personal consideration and continued to him and that the village of Culloor was granted for building as well as endowing a Mosque, and they infer that the Yeomiah was not ~~intended~~ connected with the Mosque, because no allusion to it is made in the Sunnud for the village.

7 The [illegible] of the [illegible] Tallupat in 1190 Hijree / 1776/177[illegible] contains the village of Culluir and the Yeomiah of 7 Pags

The name is [illegible]

The Purpose is made to be

as he continues [illegible]

The Grantor's name is
Sheik Abdul [illegible] Khan

Son.

Name of last Grantee is [illegible]

will receive no injury from more
